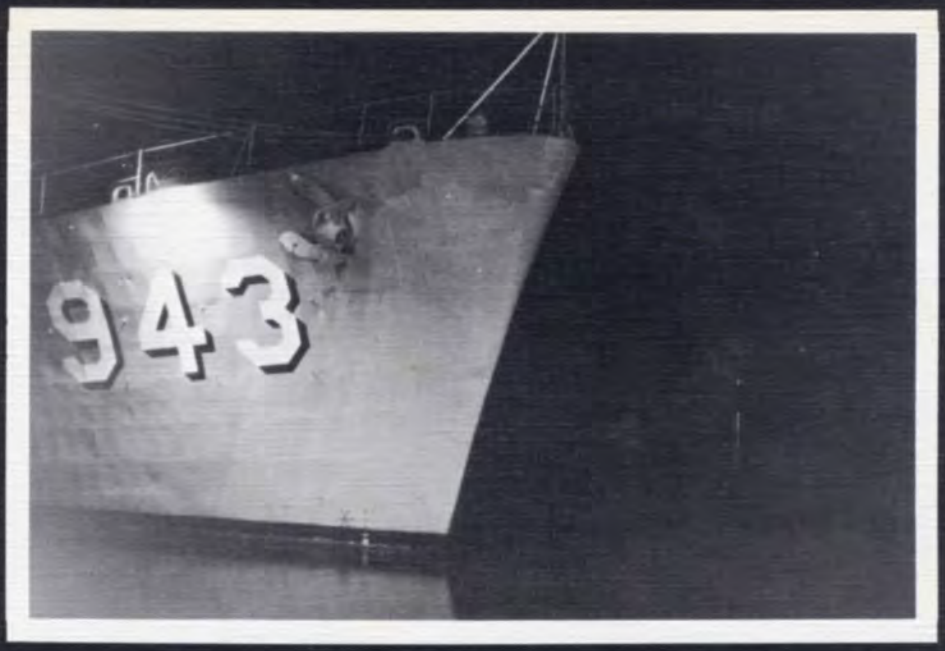
F

FROM USS SEA LEOPARD
TO USS BLANDY

"The alacrity with which you effected the unscheduled medical evacuation of my crewmen this date could not have been surpassed. The immediacy of your response may well have precluded enforced complete withdrawal from present exercise. The instant response by BLANDY for escort and communications assistance was most appreciated and impressive."

FROM COMDESRON 26
TO USS BLANDY

"Above noted with pleasure. Performance of this high degree of excellence by BLANDY has been noted on previous occasions. BLANDY's ability to respond rapidly and competently in critical situations is significant. Please accept my fervent gratitude.
Commodore Nicholson.



History Of USS BLANDY (DD-943)

USS BLANDY, constructed by the Bethlehem Steel Company, Quincy, Massachusetts and launched in December 1956, was commissioned on November 26, 1957. Named in honor of Admiral William H. P. Blandy, the ship is a **FORREST SHERMAN** Class Destroyer capable of anti-submarine and anti-aircraft warfare.

In September of 1958, **BLANDY** was assigned to Destroyer Squadron TWENTY-FOUR, home-ported in Newport, Rhode Island, as the Flagship of the Squadron. While serving with the Squadron in 1960, she was one of only two Atlantic Fleet Destroyers to win the coveted Battle Efficiency "E2". This award is given only to those destroyers who have scored grades of excellent or above in all departmental exercises. In August of 1960, **BLANDY** was additionally honored as the first recipient of a trophy awarded by the Navy League of Rhode Island to the ship in the Atlantic Fleet displaying the greatest proficiency in the area of anti-submarine warfare. Following the Cuban Quarantine, where **BLANDY** gained the distinction of forcing a Russian submarine to surface, she was again honored by winning the Navy League's Anti-Submarine Warfare Thophy.

During 1963 and 1964, **BLANDY** participated in the Central Treaty Organization naval exercises and the Navy's annual SPRINGBOARD Operation. These exercises provided **BLANDY** valuable experience and gave the crew the opportunity to enjoy visiting major ports in Europe, the Indian Ocean, and the Caribbean.

After detachment from DESRON TWENTY-FOUR, **BLANDY** assumed duties as Flagship of Destroyer Squadron TWO based in Norfolk. **BLANDY** proceeded to Boston Naval Shipyard for a four-month overhaul period, followed by refresher training in the Caribbean. **BLANDY** arrived in Norfolk, in March 1965, after visits to Montego Bay, Jamaica, St. Thomas and San Juan, where upon arrival, Commander Destroyer Squadron TWO shifted his Flag to **BLANDY.** Following Gemini 4 operations and a European tour, **BLANDY** participated in the U. S. SECOND Fleet Blue-Gold operations and again deployed to the SIXTH Fleet, returning to Norfolk in March 1966.

January 1967 saw **BLANDY** once again deployed to the Mediterranean. She proved valuable in extensive international exercises as a unit of the North Atlantic Treaty Organization. During the exercises, **BLANDY** served with units of the French, Italian, Spanish and British Navies. Upon completion of these exercises, she returned to Norfolk in May 1967. **BLANDY** then participated in ASW and gunnery training exercises, conducted with Canadian Naval Forces, and later deployed with the SEVENTH Fleet to the Western Pacific.

Commanding Officer

Lieutenant Commander George I. Sullivan, III

United States Navy

Lieutenant Commander George E. Sullivan was born in Fall River, Massachusetts and graduated with a B.S. Degree in Marine Engineering from the U.S. Merchant Marine Academy, Kings Point, in 1960. Since receiving his commission, he has attended Destroyer Engineering School and CIC School. He has served aboard **USS VESOLE (DDR-878)** as Damage Control Assistant and later as Chief Engineer and as Operations Officer on the Staff of Commander Destroyer Division ONE FOUR TWO. Coming ashore in 1965, he was assigned to the Bureau of Naval Personnel as a Detailer in the Surface Junior Officer Assignment Section.

In October of 1967 Lieutenant Commander Sullivan returned to sea and took command of **USS GALLUP (PG-85)** participating in surveillance patrol off the coast of South Vietnam. Following this tour he attended Naval Postgraduate School, Monterey, California, graduating in December of 1969 with a M.S. Degree in Management. Prior to reporting to **USS BLANDY** he served as Executive Officer in **USS GOLDSBOROUGH (DDG-20).**

Lieutenant Commander Sullivan is married to Roberta A. (SMITH) Sullivan and they have two sons, Sean age 7, and Darryl age 5. The Sullivans reside in the Norfolk area.

Executive Officer

LCDR James R. Onorato

LCDR James R. Onorato is the son of Mrs. Frances Onorato of Santa Barbara, California. Following graduation from Iowa Wesleyan College in 1964 he entered Officer Candidate School in Newport, Rhode Island where he received his commission as Ensign.

His initial tour of duty was as "R" Division Officer aboard the **USS GALVASTON CLG-3.** Subsequently he served a tour of duty in Vietnam as a Harbor Patrol Officer for Inshore-Undersea Warfare Group One and as Damage Control Assistant aboard the **USS GRIDLEY DLG-21.** In November 1968, he reported to the U.S. Naval Destroyer School at Newport, Rhode Island and was graduated in May, 1969. From Destroyer School he was ordered to the Commissioning Crew as Chief Engineer of the **USS ROARK DE-1053,** where he served until reporting aboard **BLANDY** in May, 1971.

LCDR Onorato is married to the former Doris Parker of Hillsboro, Iowa. The Onorato's have two children James and Raymond.

Greek Dignitaries Visit

During her visit to Crete the **BLANDY** was visited by many prominent guests. The most noteworthy being the arrival of the Prime Minister of Greece and his party, which included his daughter, the Archbishop of Crete, the Mayor of Iraklion, the head of the military on Crete, and Chief of Police of Iraklion.

The guests were treated to an extensive tour of the ship which they found very impressive. Refreshments were then served in the wardroom where the Captain was put to the task of answering their many questions concerning **BLANDY** and her crew.

When the visit ended the party departed much pleased and impressed with the **BLANDY.**

GUNNERY "E"
(A): COMCRUDESLANT 14 SEP 71
1. MY CONGRATULATIONS TO THE OFFICERS AND MEN OF USS BLANDY ON WINNING THE GUNNERY "E" FOR DESRON 26 RADM TIDD

September, 1971. The visit to **BLANDY** by Commodore Nicholson had special meaning this time. It was to award the DESRON 26 BATTLE "E" for GUNNERY. To win this award was no easy job. For the Mod Squad had become the best shooting squadron, so to win the "E" meant that we had to be best of the best. A feat all hands can be proud of.

What Is A Sailor

Between childhood and second childhoods we find a fascinating group of humanity called sailors. They come in assorted sizes, races, weights, heights and states of sobriety. They can be found anywhere in Europe, Vietnam, clubs, bars, combat, love, occasionally on bus and always in debt.

Constantly out of cash, they hardly ever sleep and are outrageously overworked.

Girls love them, towns tolerate them, governments support them.

A sailor is laziness with a deck of cards, bravery with a tattooed arm, and the protector of the world with a copy of playboy under his shirt.

He has the energy of a turtle, the slyness of a fox, the brains of an idiot the sincerity of a liar (especially when given the extra duty) and the aspirations of a casanova anytime. When he wants something it is usually connected with early liberty.

He dislikes bills, answering letters, wearing his uniform, superior officers, chow, and above all else, getting up in the morning.

No one but a sailor can cram into one jumper pocket a lighter without fluid a crushed pack of luckies, an I.D. card, comb, a picture of Raquel Welch, a picture of the girl. The main stem of a watch, church key, a bottle of G.I. Gin Dog tags. Two girlie pictures, a letter from home. The letter he should have mailed last week. Five keys on a ring, none of which he ever uses, and whatever is left of last weeks pay.

He likes to spend his money on girls, booze, tape recordings, record players, records and poker, and the rest he spends foolishly.

It is impossible to forget that cultivated knack he has for being "only five minutes late" impossible to forget the art he has for never being around when there is any work to be done, impossible to forget that mischievous smile, and impossible to get back any money you have loaned him.

A sailor is a magic creature. You can lock him out of your home but not out of your heart. You can scratch him off your mailing list but not out of your mind. You might as well give up. He is your long-away-from-home lover, and your one and only good-for-nothing bundle of worry.

Yet all your shattered dreams become insignificant when he winks at you with those bloodshot rabbit eyes and says: Hi ya angel, gee its good to be home.
